#### **PRESENTERS**

Patrick Wall
Computer Scientist
Environmental Public Health Tracking Program, CDC

Shannon DeWitt
IT Specialist
Environmental Public Health Tracking Program, CDC

#### **Environmental Public Health Tracking:**

## Better information for better health

#### **Presentation Outline**

- Introduction to Tracking
- Tracking in Action
- Resources for Preparedness
- Tracking and EJ
- Tracking Network Demonstration

Q & A

#### INTRODUCTION TO TRACKING

## TRACKING PROVIDES BETTER INFORMATION FOR BETTER HEALTH

Tracking empowers people to make information-driven decisions to protect and improve health.

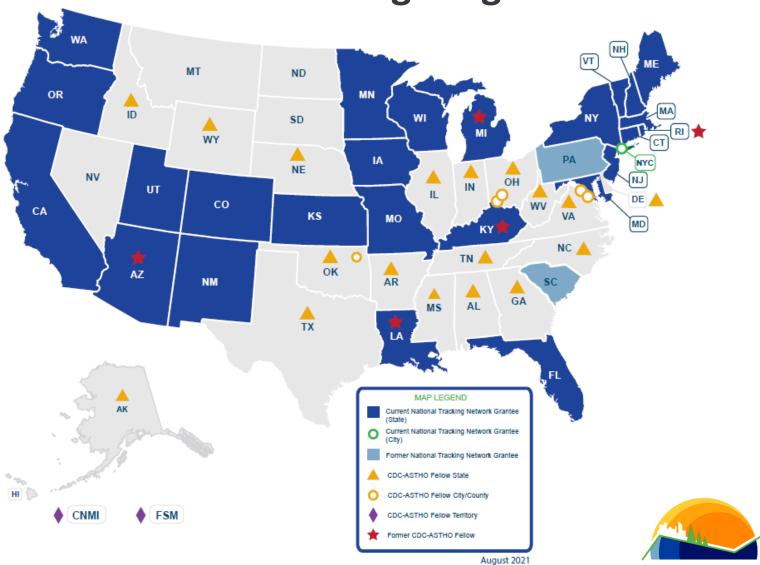

26
Funding Recipients
25 states / 1 city

48
CDC-ASTHO
Fellowships

## Vital Partnerships

With CDC Programs, Other Federal Agencies, National Organizations, Community Groups

## National Environmental Public Health Tracking Program

#### TRACKING **CONNECTS ENVIRONMENT** & HEALTH INFORMATION

Check out CDC's data explorer and state and local tracking programs for more information.

### TRACKING MAKES DATA EASY TO SHARE

#### TRACKING IN ACTION

## HELPS IMPROVE HEALTH WITH DATA, TOOLS, AND EXPERTISE

Target prevention activities

Monitor community health

Identify communities at risk

Support epidemiologic studies

Educate residents

### POWERED BY > TRACKING

#### **CDC's COVID Data Tracker**

CDC Tracking Network @ @CDC\_EPHTracking · Apr 19

See new animated maps on the COVID Data Tracker, powered by CDC's Tracking Network: bit.ly/COVIDDataTrack...

Choose the data you're interested in, then click "View Time Lapse," to see how #COVID19 trends are changing over time.

#PoweredByTracking

#### TRACKING & PREPAREDNESS

## TRACKING'S ROLE IN PREPAREDNESS ACTIVITIES

identify households or geographies at risk

determine available community assets

calculate needed resources

## PREPAREDNESS RESOURCES

#### **Datasets**

- Community Characteristics
- Populations & Vulnerabilities
- Flooding & Precipitation
- Extreme Heat

# Environmental Public Health Tracking Network

**Demonstration** 

#### Better Information for Better Health

The National Environmental Public Health Tracking Network (Tracking Network) brings together health data and environmental data from national, state, and city sources and provides supporting information to make the data easier to understand. The Tracking Network has data and information on environments and hazards, health effects, and population health.
