AMERICAN PUBLIC HEALTH ASSOCIATION
For science. For action. For health.

Joining a global community of public health professionals will help your nonprofit organization or agency achieve its goals. APHA has an affordable membership package you simply can't pass up.

That's right — the benefits of APHA membership aren't just for individuals. They're for organizations, too. APHA is dedicated to providing its members with the latest in public health science, practice and innovation. We're also dedicated to strengthening, facilitating and building the kinds of organizational partnerships that leverage our collective capacity toward healthier people, families and communities. We believe there is no greater common ground than the desire for good health and longevity.

Nonprofit Agency Membership is open to academic institutions, government agencies and nonprofit organizations.

As a nonprofit Agency Member of APHA, you receive our award-winning and peer-reviewed public health publications, easy and affordable access to a large and growing pool of job-seeking professionals and significant discounts to participate in APHA's Annual Meeting and Expo, the world's largest gathering of public health practitioners.

Becoming an APHA member means you join a community of tens of thousands of public health professionals worldwide working toward healthier people, families and communities. Plus, by joining APHA, you give your employees an opportunity to become an individual APHA member at the discounted rate of just \$70.

Whether you are focused on public health or beyond, you can benefit from APHA membership, because public health overlaps with every field and sector.

APHA can also help you create healthier, more productive workplaces that benefit both employers and employees.

WHAT DOES IT COST?

VISION

Create the healthiest nation in one generation

MISSION

Improve the health of the public and achieve equity in health status

The American Public Health Association champions the health of all people and all communities. We strengthen the public health profession. We speak out for public health issues and policies backed by science. We are the only organization that influences federal policy, has a nearly 150-year perspective and brings together members from all fields of public health. APHA publishes the *American Journal of Public Health* and *The Nation's Health* newspaper. At our Annual Meeting and Expo, thousands of people share the latest public health research. We lead public awareness campaigns such as Get Ready and National Public Health Week. Together, we are creating the healthiest nation in one generation. Learn more at www.apha.org.
